Shipwreck Horror on North Atlantic.
Herr Goldberger on Export Trade.
Time May Come When the United States Will Find Doors Closed.
He Advocates in Tageblatt a Reciprocity Taric With Germany.
Thinks the Present Not Opportune for Revision.
Balky Senate.
ERLIN, Oct. 16.—[Exclusive Dispatch.] Herr Goldberger, a Privy Councillor and an authority on the tariff question, has just published in the Tageblatt an article which has excited much attention here. In it he discusses the question of a reciprocal commercial treaty between the United States and Germany.
Although, at present, the Americans are in a contented mood, he says that, owing to their prosperity, a time will come when their demands will diminish and the States will absolutely need a larger export trade for the country's enormous industries. If reciprocal treaties are not concluded, then the United States will find the doors of all European states, especially those of Germany, closed to them. Herr Goldberger admits, however, that for the moment there is no hope of a revision of the American tariff, everything in the United States pointing to the rejection by Congress of President Roosevelt's proposals for reform of the railway tariff, and everything goes to show that the Senate will oppose the President's far-reaching reform proposals. In addition to this, the American Protective Tariff League is displaying the greatest activity, both among the electors and members of Congress, to prove that any concessions on protection is a danger to trade.

SYNOPSIS.

EXIT OF MERCHANTS' TRUST FROM CLEARINGHOUSE STIRS DUBIOUS.—Mrs. Frank Hummel, president of the Merchants' Trust, has been seen in the clearinghouse, and it is believed that she will be seen there again. The clearinghouse is a place where merchants can get their goods sold, and it is a very important place in the city. The Merchants' Trust is a very large and powerful organization, and it is believed that it will be able to get its goods sold in the clearinghouse. The clearinghouse is a place where merchants can get their goods sold, and it is a very important place in the city. The Merchants' Trust is a very large and powerful organization, and it is believed that it will be able to get its goods sold in the clearinghouse.

OPENING OF SKUPHTINA.

BELGRADE, Oct. 16.—King Peter opened the regular session of the Skuphtina today. In his speech from the throne, which was well received, he outlined a busy session, the work of which would deal with measures for the promotion of industrial and general development of the country.

HEARST PAID BY RAILROAD.

Five California people and a dozen others were injured, but it is not believed that any will die. The injured Californians are: E. BRITNER, Los Angeles; right hip injured; may have internal injuries. MRS. MAUD WILSON, Los Angeles; cut on head. MRS. W. B. HEIGH, Los Angeles; cut on head; one shoulder bruised. MRS. H. E. BLAZER, Ontario; cuts on head.

CONFLICT DEEPENS.

FIGHT FOR REFORM BECOMES TENSE.
Folk Arrives in City of Brotherly Love to Lend His Potent Aid.
Missouri Governor Addresses Large and Enthusiastic Mass Meeting.
Several Thousand People Could Not Get Inside the Doors.
[BY THE ASSOCIATED PRESS—P.M.]
PHILADELPHIA, Oct. 16.—The great battle between the Republican party and the City party, the municipal reform organization recently formed here, was enlivened today by Gov. Folk of Missouri, who came to lend his voice in the interest of good government. The Missouri governor tonight addressed a large and enthusiastic audience in the Academy of Music. He spoke of the City Club, which claims no connection with the City party. Gov. Folk had an exceedingly busy day, and his reception wherever he appeared during the day and evening was flattering.

IMMORTAL DEAD HIS COMPANY.

SIR HENRY IRVING WILL BE BURIED IN WESTMINSTER.
Condolences Continue to Come in from All Parts of the World, the Latest Being from the Prince and Princess of Wales—Actors to Follow Coffin on Foot.
[BY THE ASSOCIATED PRESS—P.M.]
LONDON, Oct. 16.—[By Atlantic Cable.] The Dean of Westminster, Very Reverend Joseph Armitage Robinson, announced this evening, that, having received a request signed by leading members of the dramatic profession and other persons of distinction, he had consented to the interment of the body of Sir Henry Irving in Westminster Abbey. Baroness Burdett-Coutts, who for many years had been a friend of Sir Henry, besides signing the request to the Dean has offered to place her house in Stratton street, Piccadilly, at the disposal of the Irving family on the day of the funeral, owing to the inconvenience of starting the funeral procession from the apartments which had been occupied by Sir Henry. These apartments are at the other end of Stratton street, where there is no opening.

LOOTED OF FIVE THOUSAND.

Mexican Paper Money Extracted from Wells-Fargo Package Seals of Which Are Unbroken.
[BY THE ASSOCIATED PRESS—P.M.]
EL PASO (Tex.) Oct. 16.—Through an investigation begun today in the Criminal Court at Juarez, Mex., across the river from El Paso, it transpires that \$5000 in Mexican paper money was removed from a package given over to the care of the Wells-Fargo Express Company for shipment.

TEXT OF PORTSMOUTH TREATY IS PUBLISHED.

Convention Completed by Russia and Japan Given to the World.

Komura Arrives in Tokyo and is Shown Exceptional Honor by the Mikado, Who Receives Him From Him Full Verbal Report of Conference Proceedings—Russian Interned Warships Permitted to Leave Port.

(BY THE ASSOCIATED PRESS—A.M.)
LONDON, Oct. 16.—(By Atlantic Cable.) The Russian Telegram Company has published the text of the treaty of Portsmouth, which was signed by the Emperor of Russia and the Emperor of Japan Oct. 14, as follows:

"The Emperor of Japan on one part and the Emperor of Russia on the other part, animated by a desire to restore the blessings of peace to their countries, have resolved to conclude a treaty of peace and have for this purpose named their plenipotentiaries—that is to say, for His Majesty, the Emperor of Japan, Baron Komura Jutaro, General Count, and for the Emperor of Russia, His Excellency, His Majesty's Minister for Foreign Affairs, His Excellency, His Majesty's Minister of the Imperial Court, His Majesty's Ambassador to the United States, His Majesty's Secretary of State and President of the Committee of Ministers of the Empire of Russia, and His Excellency, Baron Roman Rosen, Master of the Imperial Court of Russia, His Majesty's Ambassador to the United States, who, after having exchanged their full powers, which were found to be in good and due form, have concluded the following articles:

"Article I. There shall henceforth be peace and amity between His Majesties, the Emperor of Japan and the Emperor of Russia, and their respective subjects and subjects.

"Article II. The Imperial Russian government, acknowledging that Japan possesses in Korea paramount political, military and economic interests, engages neither to obstruct or interfere with measures for guidance, protection and control of such interests, nor to take in Korea any action which may be placed on the same footing as the subjects and citizens of other foreign powers; and that the Imperial Russian government shall not take any military measure which may menace the security of Russia or Korea territory.

"Article III. Japan and Russia mutually engage to abstain from any action which may be placed on the same footing as the subjects and citizens of other foreign powers; and that the Imperial Russian government shall not take any military measure which may menace the security of Russia or Korea territory.

"Article IV. Japan and Russia mutually engage to abstain from any action which may be placed on the same footing as the subjects and citizens of other foreign powers; and that the Imperial Russian government shall not take any military measure which may menace the security of Russia or Korea territory.

"Article V. Japan and Russia mutually engage to abstain from any action which may be placed on the same footing as the subjects and citizens of other foreign powers; and that the Imperial Russian government shall not take any military measure which may menace the security of Russia or Korea territory.

PITH OF NEWS FROM THE MIDDLE WEST.

CHICAGO, Oct. 16.—(Exclusive Dispatch.) After Sunday's high winds in the weather line, the comparative calm of today came as a welcome relief.

BARON KOMURA REACHES TOKIO.

(BY THE ASSOCIATED PRESS—A.M.)
TOKIO, Oct. 16, 4:30 p.m.—(By Pacific Cable.) Baron Komura, the Japanese plenipotentiary, who arrived here today from Vancouver, B. C., October 15, his reception at the railroad station was not enthusiastic, those present being principally government dignitaries. The streets were strongly guarded by troops, police and gendarmes.

"The Emperor showed exceptional honor to Baron Komura by dispatching to Yokohama, where he landed, the Empress of India, Col. Inoue, His Majesty's aide d'camp, who went aboard the steamer in a dispatch boat and brought Baron Komura ashore. Baron Komura landed at the Imperial enclosure. While the Baron was on his way to Tokyo by train, Col. Inoue constantly kept at his side. On arrival here, they drove together to the palace in an Imperial carriage sent from the household.

"The Emperor cordially received Baron Komura, and during the audience, which lasted over an hour, it is believed that the plenipotentiary made a verbal report to the Emperor of the course of the peace negotiations, emphasizing President Roosevelt's effort in behalf of peace.

"At the close of the audience, the Emperor honored the Baron with a written personal message, highly praising his services. The message was handed to the plenipotentiary by the Emperor's aide d'camp, who went aboard the steamer in a dispatch boat and brought Baron Komura ashore. Baron Komura landed at the Imperial enclosure. While the Baron was on his way to Tokyo by train, Col. Inoue constantly kept at his side. On arrival here, they drove together to the palace in an Imperial carriage sent from the household.

Government Files Six Cases to Recover Lands.

Thefts Alleged in California, as Well as North.

Emmons Jury Said to Have Had Much Whisky.

THE ASSOCIATED PRESS—P.M.

TACOMA (Wash.) Oct. 16.—In the federal court today six cases were filed to recover title to lands in Oregon, Washington and California, in all of which the government, it is alleged, has been defrauded.

THE WILLAMETTE PULP AND PAPER COMPANY is also made defendant. It operates a large mill in Vancouver, British Columbia, and in Oregon and California.

JOHNSON TO TRY TO PROVE THIS.

SACRAMENTO, Oct. 16.—Attorney John L. Johnson proposed today to prove to the satisfaction of Judge C. H. Marshall that whisky was plentiful in the room in which the jury tried and convicted E. J. Emmons and a partner of legislative bribery was located for five days. It is asserted that twenty-four big bottles had been in the room, which were taken from the room in which the jury slept, lived and deliberated.

"I shall take up the matter in court," Attorney Johnson today declared. "I can prove that there was whisky in the room in which the jury lived and deliberated."

Adams street line, which is to be built by the latter. This line runs from the terminus of the San Diego company's line at Mission Cliff Park to the city limits and Hawley-Collier declare the line will be built immediately for the purpose of opening up a large section of the city hitherto without street car facilities. The arrangement will permit of a single fare from the business center to the eastern city limits.

TEAT METRIC LEGEND.

A San Diegoan who has just returned from Los Angeles says there are seventeen cars ready for shipment in the Santa Fe yards at Los Angeles, some small open affairs, but also some big ones such as are used on the Huntington lines between Los Angeles and Pasadena and the beach towns. All bear the legend, "Los Angeles, San Diego and Beach Railway."

San Diegans are trying to figure out what this means. The La Jolla line is already being rebuilt and the overhead work for an electric line is progressing well.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Stolen from Church.

Dr. Fellows reported yesterday to the police the loss of drafting instruments stolen from the Doyle Heights M. E. Church.

Hollywood Home Sold.

The J. A. property on Prospect avenue, a block from the Hollywood hotel, about an acre of ground and has good house, has been sold for \$15,000.

Oberle's Departure.

Thomas Oberle left yesterday noon for Arizona, and a company of more than 100 of his friends gave him farewell and God-speed at the railroad station.

Boys' Residence.

D. A. Dietrichman has sold to Louise Brand the southeast corner of Twentieth and Griffith streets, 40x150 feet, with two houses, seven, the other five-room, for \$2500.

Jackson Corralled.

James Jackson, a young man who is alleged to have impersonated an officer in Chinatown during the Peat and Chinatown riot, was arrested yesterday by the Chinatown squad.

His Trouser.

M. F. Quinn reported to the police yesterday that his trousers were stolen from the Hotel Edison, together with a watch; the report does not clear up the important question as to whether he had a spare pair of trousers.

"Heep Celebrate"

Yee Ling, a Chinaman, came from Mojave yesterday to help the local Chinese drive the devil out of Los Angeles. Yee said he wanted to "heep celebrate" and he did so by falling from a Temple-street car, breaking an arm.

California Street Lots.

Chas. O. Goodwin has sold for W. D. Bridges to Walter Hall, 48 California street, 60x120 feet with twenty-four room apartment house, for \$12,000. The rents are \$100 a month and there is room on the lot for another house, as large as that now on the property.

Cal. Spruance's Father Dead.

A special dispatch to The Times announced the death at Chicago last night of Harmon Spruance, a pioneer of Trade Union, who went to Illinois from Pennsylvania in 1835, and one of whose sons is Col. L. J. C. Spruance of Los Angeles.

Reception to Pastor.

Boyle Heights Methodists will tonight extend a welcome to their new pastor, Rev. Alfred Inwood, in a formal reception to be held at the church. He is a brother of Rev. E. J. Inwood, who formerly served the same congregation, and is equally popular with his brother.

In Bad Shape.

Wounded in fourteen places about his head and face, a man named Jack Armstrong was found near a poplar tree at No. 121 South Alameda street yesterday afternoon. He was flying blown and bloody, and it took some time to tell what had happened. All he could do at the Receiving Hospital was to curse the doctor, who said he could not be sewed on account of the fly blow with which they were filled. There is nothing to indicate how he got the wounds.

Sale on Wall Street.

C. W. Watson sells to a local syndicate, composed of H. Green and associates, through the agency of Black Bros., the southwest corner of East Ninth and Wall streets, 100 x 160 feet; consideration paid, \$27,500. The premises are unimproved at present and purchase consideration is simply an improvement in the near future. This corner is situated two blocks east of the Huntington terminal franchise on a district, a district peculiarly adapted to wholesale and industrial use.

War Among Lottery Men.

War has broken out among the tribe on South Spring street that deals in lottery tickets, pool, queer steamer tickets and other peculiar contraband. S. Magnus was arrested yesterday on a charge of battering Ellis Cook. Magnus is a grandson of "Green" who is rival of Cohen's. He charged that Cohen gave to the papers the story about Green's having named a man out of a capital-prize lottery ticket by paying a quarter of its apparent value, only to find that the ticket was bogus. They were disputing over this Saturday night when Magnus is alleged to have struck Cohen.

BREVITIES.

Times' "Liner" Advertisements—Important change in rate for Sunday classes will be made. Commencing Sunday, October 1, 1921, and thereafter, the rate for "Liner" will be 15 cents per word for each insertion; this slight advance is simply justified by the present Sunday circulation of the Times, which averages over 65,000 copies. (When the recent per-word rate was established in 1920, the Times' Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily 1-cent per word will stand as at present.

Times have changed. It is no longer necessary to pay extravagant prices to get the best eye-glasses. It is possible for us now to sell glasses for \$1.50 that are better than those that cost several times that amount several years ago. Best A-1 crystal eye-glasses in 16-year gold-filled frames, at \$1.50. Satisfaction guaranteed. Clark's, 261 S. Spring.

The San Francisco office of the Los Angeles Times is in room 41, Chronicle building, Telephone Main 1672. Subscriptions and advertisements taken. Visitors will find copies of The Times on file, and are welcome to call and read them.

Absolute protection at lowest possible cost—Furn Mutual Life—Large annual cash dividends reduce the cost each year. I. Clark Guy, general agent, 212 Broadway building, Home 455.

I. Longo, men's tailor, just returned from Europe with new importations. Best St. Trust Bldg., 123 W. Second st. Benoit, the Ladies' Tailor, has moved from 4th st. to his store, 625 S. Hill st. Dr. J. A. Munk, office removed to 445 So. Olive street. Phone Home 1215.

Los Angeles Daily Times

TUESDAY MORNING, OCTOBER 17, 1905.

California del Sur.

CITY AND COUNTRY.

ON ALL NEWS STANDS
TRADE AND STREET.

5 CENTS

LITTLE RIFT IN BANKERS' LUTE.

Merchants' Trust Out of the Clearinghouse.

Association Gives Notice that Bond is Cut.

Split Comes Through Difference Over Rules.

A rift was caused in local banking and financial circles yesterday by the announcement that the Merchants' Trust Company was out of the Los Angeles Clearinghouse Association—invited out.

The Merchants' Trust did not see fit to accept the guidance of the rules of the clearinghouse, and the latter adopted resolutions severing the relations that had existed.

Notice had been sent to all clearinghouse banks that, on and after Monday, October 16, 1905, all checks on the Merchants' Trust must be sent to the bank window for collection.

This rift in the financial lute had its start with the failure of the managers of the clearinghouse to accept the suggestions of Lloyd L. Elliott, vice-president and manager of the Merchants' Trust, as to methods for doing business.

The managers of the clearinghouse declare that Elliott is a "knocker" and has tried to overrule the whole body of local bankers. Elliott says the other fellows are old-fashioned.

Elliott has been a banker here only

NO JOINT STATEHOOD.

Epas Randolph Says It Looks as Though the Question Were Now Pretty Well Settled.

Epas Randolph, personal representative of E. H. Harriman in the Southwest, arrived yesterday fresh from a junketing trip through Arizona with the Congressional party sent out to investigate the question of Joint Statehood for Arizona and New Mexico.

In looking over the press dispatches to yesterday morning's Times, reporting the almost unanimous conversion of the members of the party to anti-Joint Statehood, Mr. Randolph smiled and said: "Well, it looks as though that question were pretty well settled. The trip was an eye-opener for our representatives from Washington, and they did not hesitate to declare it. It will have the effect, however, of deferring any action on the admission of either territory for four years yet. In that time we believe that Arizona will have grown so much in importance and population that we can easily demonstrate our eligibility for admission as a State by ourselves."

MAY SQUELCH PLAGUE SPOT.

Sentence Today on Life Lease of Booz Shop.

"Spook" and Recall Gang Scurry to Save It.

Sixth Ward Liquor License in a Sorry Mess.

Eradiation of the propagating place of the Howey-Hay-Fennsey-Kearney mob in the Sixth Ward is on the state for today's meeting of the Police Commission.

When that body gets down to work

will grasp Nelmeyer by the neck and throw him out of business.

To show the contrite spirit to which Nelmeyer has been brought, a second petition by Bestmann for a license, filed yesterday with the Mayor's clerk, bears the name of the scared liquor dealer. He has turned squarely around, and, instead of trying further to restrict competition, he now apparently welcomes it.

This action of Nelmeyer has been brought about, it is said, through the efforts of Howton and the rest of his band, who shiver at the prospect of seeing the supports knocked from under their political mint.

No BOOZE, NO "NOTHING."

No Nelmeyer, no booze, no gold and no votes; no votes, no Howton; no Howton, no well, cactus.

It is from the Nelmeyer wholesale house that all the fly work of the recall crowd has been directed. Nelmeyer is vice-president of the Sixth Ward Democratic Club, of which Hay of the Typographical Union is the president.

While Secretary Walsh of the club is a circulating booster of the Examiner, Howton is the chief stick in trade of the house, and it is said to be due to the efforts of this crowd that four applications for another wholesale license in that section have been defeated in the past.

In support of Nelmeyer there has been filed a petition signed by the Howton-Fennsey gang, stating that the liquor dealer is an old settler in that vicinity and that, on such a ground, he should be permitted to continue his business.

It is this "kind of a mess" that the Police Commission faces today, and it should not be hard to guess how that body will handle Nelmeyer and these representatives, despite the "nothingness" that Spook Howton of the Council will endeavor to exert.

The Mayor has given out that both licenses should be granted or that Bestmann's petition be denied and Nelmeyer's privilege revoked.

STEALING IDOL CAUSES RIOT.

FEAST OF THE DEAD COMES TO RED-HOT FINISH.

Yowling Mob Pursues Chinaman Abandoning With a Distinguished Heavens God-Fellow Took it to Bring Him Good Luck in a Lottery. Policemen Stabbed.

Nearly a hundred heathen Chinese, fighting like demons and howling like devils, brought the decorous Feast of the Dead to a red-hot finish in Chinatown last night with a free-for-all riot.

It was caused by the utter lack of etiquette of one of the Chinamen, who stole the idol while they were holding a gorgeous possession in his worship.

The selfish thief wanted the 'idol to bring him good luck on a lottery ticket that he proposed buying.

The thief—ahem—the remover of the idol—is said to be a Hop Sing tong man, who is also one of the officers in the Chinese Cadet Company.

The possession of this idol is said by the Chinese to be a sure harbinger of good luck. Friends of the Chinaman say that he made away with the predecessor of this same idol three years ago at the last celebration of the Feast of the Dead.

The next day after he got it, he won \$100 in a lottery and \$50 more within the week.

This year, naturally, he was warm for another year's idol.

Course the original napper made and, of which the first idol was made, had long since perished, but the same old wise old god was there in a newly-created edition.

Profiting by their previous experience, the managers of the feast, the priests, hired a special policeman to guard the altar while they went into the crooked alleys for the great procession—a thing of wondrous dragons, Chinese soldiers, and a host of other things.

Unhappily the manager went peeping into the crowd, and, seeing the idol, he was so taken with it that he went fully to "grub." While he sat there dreaming this chink crept stealthily in at the door and reached out a long and sinuous hand. In a minute he slipped out again with the idol again added to his staff as a new recruit.

When this glowing procession wended triumphantly back there rose a wild howl of rage. His Xib, the god, whom they had come back to do honor, was gone.

The special officer awoke and rubbed his eyes sleepily, sheepishly. They poured down reproaches on his head, but he was unmoved; he told them to worship one of the other idols. He said any old idol would do, as long as it was a whole bunch on the waiting list.

About this time the doings began. Two or three policemen rushed in and tried to separate the wailing, shrieking tangle. One of them was stabbed in the hand with a pocket-knife and others were roughly used before they quelled the riot.

They are still growling. More trouble is looked for.

Meanwhile the lottery companies are in a state of blue funk. They don't know who has the idol and whichever fellow it is may break them up. What lottery company wants to go up against a man with a god telling him which spots to snub?

IMPROVEMENTS WANTED.

Residents of Highland View to Discuss Things They Need This Evening.

The Highland View Improvement Association will meet this evening at 7:30 at 312 Dayton avenue. All members are requested to be present.

Among the subjects to be discussed will be that of a new school house for the district; the grading, curbing and sidewalk of Dayton avenue from Loretto street to Avenue Thirty-seven; getting a new sub-postoffice and electric light and gas service on Dayton avenue. The improvement of Dayton avenue has already been determined upon, and there will be a report received at present.

At present there is a report received that the University of Southern California, Judge Wilbur will be the speaker. A number of subjects of interest to and for the betterment of that section of the city will be discussed.

NIPS AT GEM ON HER HAND.

Startling Stunt of Burglar Awakens Woman.

Seeks Diamond Ring on Mrs. Humphreys' Finger.

Surprising Robber Gets Cuff With Other Booty.

Just think, fair lady, of being awakened at 2 o'clock in the morning by a burglar trying to nip a diamond ring from your finger while you slumber by the side of your husband!

Horror of horrors! What would you do, dream of?

Well, that is what Mrs. Frank Humphreys of No. 312 West Seventeenth street did yesterday morning when she awoke from a sound sleep and found her hand in the grasp of a strong burglar, who was trying to force a handsome solitaire diamond from its setting in a ring on her finger.

The burglar was using nippers, after the most approved style of professional thieves, and so gentle was his touch that Mrs. Humphreys, for an instant, imagined her husband was caressing her.

The illusion was quickly dispelled when Mrs. Humphreys turned slightly and saw her spouse sleeping peacefully on the other side of the bed.

Then, and not till then, did Mrs. Humphreys fully realize her peculiar position.

THE BOLDEST YET.

An expert burglar, bold to the point of desperation, was actually trying to steal the gem from her hands as she slumbered. Thoroughly confident, the thief worked rapidly, quietly, and with a victim stirred slightly in her sleep, but not until she screamed and sat bolt upright in bed, did she know that she had been awakened.

Mrs. Humphreys' screams aroused her husband and frightened the burglar. Quickly jumping out of bed, Humphreys pursued the burglar, who dashed into the bathroom and closed the door. While Humphreys was searching for a revolver, and Mrs. Humphreys was trying to reach the telephone in order to call the police, the burglar dashed from the bathroom and escaped from a window on the lower floor.

GETS COIN AND GEMS.

An investigation of the premises by police detectives and Mr. Humphreys disclosed a peculiar state of affairs, showing that a crook of more than ordinary intelligence had entered the house. A window was found pried open and a door that had been forced with a jimmy was found standing ajar, showing conclusively that the early morning prowler had carefully planned the robbery, and had provided the means of escape in event of discovery.

The burglar had ransacked the house, and had appropriated a purse containing \$75 or \$80, which Mrs. Humphreys had secreted in her bedroom. The robber also secured a handsome lot of jewelry, valued at \$100 at the very least.

Mrs. Humphreys is president of the Standard Woodenware Company. Both she and her husband were reticent concerning the robbery, after they had reported the peculiar case to the police yesterday, as they thought the officers had a fair chance of catching the thief on the guilty party.

"Was I frightened?" repeated Mrs. Humphreys, in response to a question last night. "Why, of course, I was, and I did not know what to do. It was a sensation rarely experienced, and one that I would not care to repeat."

"No, I did not get a good glimpse of the burglar; I could not tell whether he was a man or a woman, or even if he was masked, as the light in the room was too dim to permit of seeing him. The police station was on the case all of yesterday and last night, but no arrests have been made."

ANOTHER MEN'S HOTEL.

Salvation Army Breaks Ground for a Four-story Building on San Pedro Street.

With much enthusiasm, music and speeches the Salvation Army broke ground last night for its new headquarters on San Pedro street, just south of First.

At 10 o'clock the entire Salvation Army force of the city, led by the band, marched from Seventh street and Grand avenue, where they were holding a meeting in a tent, to the site of the building, gathering recruits as they marched. They arrived there with a big crowd and the ceremony opened with prayer by Capt. Campbell.

The principal speaker was Col. French, who is in command of the forces on the Pacific Coast. He outlined the scope of the work and spoke eloquently of what the army has accomplished here and elsewhere. He was followed by Adm. McKelvie, who was sent to this city for the express purpose of working up interest for the enterprise which was launched last night. Mrs. Col. Morten spoke briefly, as the representative of the women, who are doing so much connection with the work of the Salvation Army. After the speaking, the officers, led by Col. French, turned shovels of earth followed by a number of other persons.

The building will be a large four-story brick, with a front entrance on San Pedro street and running back to an alley. It will comprise a hotel with accommodations for 25 men, a large industrial department where work will be provided for men who cannot find other means of employment, and a large auditorium for the holding of religious meetings. The enterprise will involve the expenditure of \$20,000, including the ground, and the foundations will commence today.

The Salvation Army already has a home on Griffin avenue, where unfortunate girls are cared for and a boarding-house on East Fourth street, where accommodations at actual cost are furnished to young women clerks, stenographers, waitresses, and other respectable young women who are compelled to work for meager salaries.

JUDGE WILL SPEAK.

An important meeting of the University Investment Association will be held this evening in the gymnasium of the University of Southern California. Judge Wilbur will be the speaker. A number of subjects of interest to and for the betterment of that section of the city will be discussed.

Prominent officers in the Clearinghouse and Merchants' Trust Company, which yesterday came to the parting of the ways.

a year or so. He went East and formed connections in many cities for his institution here. Then he made arrangements to clear his checks through the Los Angeles Clearinghouse Association.

In his study of the science of banking, Vice-President Elliott came to the conclusion that Los Angeles is kept in the financial lute through the rules of the local clearinghouse. One of these rules demands the payment of 10 cents on each \$100 on all checks on Los Angeles banks, deposited in eastern banks by traveling salesmen, and sent here for collection.

It is stated by Mr. Elliott that such checks are sent through San Francisco and thence here, where 5 cents on each \$100 is then paid for cashing such paper. This works a hardship on Los Angeles banks, from Mr. Elliott's view, because, if it were not for this charge, these checks would come here direct, and the clearinghouse would not have deposits here to meet the payment of such checks.

The other would the East rush in here with its streams of gold, he declares, but Mexico, now on a solid coinage basis, also would pour its wealth into the willing lap of Los Angeles.

After the matter had been duly discussed and other checks had failed to see the light as furnished by Elliott, the Merchants' Trust on September 25 declared that the clearinghouse,

San Bernardino, Orange and Riverside Counties.

CONTEST OVER TOT'S CUSTODY.

MAIN ISSUE IN DIVORCE SUIT AT SAN BERNARDINO.

Walter Davidson, Railroad Man, Sued for Separation by Wife, Who Alleges Other Women Have His Heart—Both Want Baby Daughter, David McDevitt Is Married Again.

SAN BERNARDINO, Oct. 16.—A suit for divorce, which involves two of the best known families in this city, and will develop one of the most pathetic fights over a child ever witnessed in a court of justice, was commenced here this morning by Mrs. Mae Davidson against Walter M. Davidson, a popular railroad man, who for the past year and a half has been stationed at Tucson, Arizona.

The news that this family has got into the divorce courts will come as a surprise to the community tomorrow morning, as on the surface the wife was idolized by the husband, and apparently had all that money could secure, living most of the time with her parents here during the husband's absence in Arizona.

In her complaint, Mrs. Davidson makes the charge of infidelity. Other women, she alleges, have captured her husband's heart while she has been in San Bernardino. His conduct, she complains, has caused her extreme mental anguish. She prays for an absolute divorce and custody of their pretty little daughter, Norma.

Davidson, it is understood, will not fight the proceedings in so far as they may result in freeing his wife from him, but all the money he can command will be brought to prevent her from securing the custody of the little girl, to whom he is greatly attached. Only a few days ago Davidson was a multimillionaire from Arizona, by a dispatch from his wife, and their presence on the streets together gave no indication of the suit which has just been filed. They had their photographs taken, in a family group, and afterward he turned her to return with him. Some outside influence, it is declared, had her back, and she was told her to return. Davidson is said to have written that he never cares to see her again.

FACTS OF VERDICT DEAL.
Arthur E. Poole, who with eastern capitalists, has taken up the water rights along the Mojave River and will build the dam planned years ago at Victor, states that Davidson has been actually started last spring when the storm waters subsided, and to have the dam ready for business within a year.

As stated, the company will spend about \$400,000 in the project. The report states that the Southern California Water Bank is in any way interested in it.

"In our investment, however, we have acted under Mr. Davidson's advice," said Mr. Poole yesterday. "The bank conceived the idea of impounding the waters of the Mojave. He has freely given us the benefit of his study and his associates were unwilling to act without his advice, but he has not a dollar's interest in the project. He has said that all he desires is the development of Southern California, and that that is payment enough for him."

"Our people have, moreover, no connection with and absolutely no interest in the Arrowhead project. We do not anticipate any trouble on that account, but we have acquired absolutely prior to the work on the dam, thirty-two years, and therefore, the operations of the Arrowhead people are subject to our rights. By purchasing these we have eliminated all difficulties with the ranchers. Only a few small owners are holding out, but we expect to get them later."

"The Santa Fe has not made a survey as yet, but we were one of the first to ascertain if the tracks could be moved and we have been informed by the railroad officials that if they can verify our data, they will be willing to move the dam company paying the expense of building the dam, and the railroad furnishing the material. Our survey shows a better grade than a recent route."

"We expect to get, on a conservative estimate, a steady flow of about 100 inches every year, and a maximum based upon a careful study of the rainfall statistics for the past thirty-two years. We are assured by a man in the water, owing to the great demand for water for irrigation and domestic use. There are many who want it."

"The people behind this enterprise are Pasadena and Ohio capitalists and there is no one in the project, interested, except myself. We have not yet incorporated, but will do so later."

The report that the Southern California Water Bank of Los Angeles had made the purchase, grew out of the fact that H. H. Brady, president of that bank, has had interests on the Mojave River.

McDEVITT TAKEN NEW WIFE.
Dr. Arthur McDevitt, a prominent dentist, whose sensational suit for the annulment of his marriage to Edna May McDevitt was successful here last year, and which was given wide publicity, owing to the strange circumstances of the marriage, the young woman claiming to have been kept a prisoner in her husband's office for weeks, concealed from her parents, was married again. The fact leaked out tonight. McDevitt took to wife Miss Lena Lotze, a pretty German girl of seventeen years, their acquaintance commencing in the dentist's chair.

The couple went to Orange, where they were married.

NEW ARRIVALS.
Ed. Hodges was sentenced by Judge R. F. Haddock today to serve five years in Potosi prison for burglary, having pleaded guilty to the charge Saturday. He burglarized the home of a woman at Barstow. He was taken North this afternoon, shackled to Fred Eldridge, who goes to Potosi to serve a life sentence for the murder of Ernest Rynn.

Ed. Fisher was arrested this morning charged with burglarizing the office of the Southern California Bill Posting Company.

Judge F. P. Oster and B. F. Haddock this morning handed down a decision in the mandamus action instituted by P. H. Flint against the Board of Supervisors, to secure a liquor license for Daguerre. The decision was in favor of the county liquor ordinance. An appeal will be taken.

COLTON.
BURGLARS RUN DOWN.
COLTON, Oct. 16.—Burglars got in their work at Colton last evening, and a report, three of them are lodged in the County Jail awaiting trial, and two vagrants supposed to be connected with the burglary are also in custody.

NORMA DAVIDSON, bone of contention in San Bernardino divorce suit.

with the burglary are also in custody. Between 7 and 8 o'clock last evening while Mr. and Mrs. John Merryfield were away from their home on Colton avenue near Highgrove, it was entered by thieves who helped themselves to a generous supply of clothing and took a quantity of silverware and jewelry. Mr. and Mrs. Merryfield, returning, passed the thieves loaded down with booty, only a short distance from the house. Upon reaching their home they found the place thoroughly ransacked.

The officers were put on the trail and two of the men were captured on the Santa Ana River bridge. Another was found in the river bottom, where he was hiding. They were today making arrangements to be implicated in the burglary. They gave their names as J. E. Russell, George Fowler and John Walker.

SANTA ANA.
TROLLEY POWER STATION.
SANTA ANA, Oct. 16.—R. S. Cobb, engineer of the Pacific Electric Company, and R. M. McCabe, superintendent for Dawson & Edmonds of Los Angeles, were here today making arrangements for the building of the power station for the new electric line. The building will be located at Fourth and French streets, the present site of the Arrowhead Hotel, provided the complications which have arisen in regard to the title of the property can be properly adjusted. The cost will be \$500.

In addition to the substitution here, another similar one is going up at Garden Grove. This one end of the line will also be connected with the beach line terminus at Newport Beach by a line of power wires, so the "juice" can be switched at will from one part of the system to the other.

Report here today is that the rails have been laid as far as Garden Grove and the work crews are resuming their work.

SANTA ANA NOTES.
Hunters who took advantage of the opening of the quail season yesterday were generally disappointed at the result of their shooting. Very few limit bags were taken, although more than the usual number of hunters were out.

The death of John R. Wright, aged 52, occurred this morning at Orange. The funeral services will be held at the residence at ten o'clock tomorrow.

Recent Mexican and unable to speak or understand English. His plight was pitiable when he prostrated himself in the courtroom. He said nothing while under his knees, but later, through an interpreter, modestly protested his innocence, but said he was ready, if it was the will of God, to take his sentence. The court gave him the minimum sentence of five years.

MURDER CASE SET.
The trial of Frank Meers for the murder of his brother, John, was set this morning to begin on November 7. The complaint was sworn to by Under Sheriff Kelly, and for this reason a grand jury instead of a special venire will be called upon to try the case. The jury will be selected from a list of 100 names.

CAPT OF A DREAM.
Secret Carefully Guarded for the Garden Fete Comes Out—Elegant Costumes to be Worn.

Much interest is taken in the garden fete at "Mitrax," Santa Monica, being arranged by Miss Georgina Jones and her coterie of young friends. The event is to be given Friday evening for the benefit of the consumptive sanatorium at Ocean.

The cast of characters for the Tennyson's "Dream of Fair Women" has been carefully guarded as a secret, but yesterday it leaked out. Miss May Ridgeway will be a queenly Mary Stuart, and stunning Miss Grace Melius will make an ideal Helen of Troy, with her gift of beauty. The entire cast is as follows: post, Roy Jones; Helen of Troy, Miss Grace Melius; Iphigeneia, Miss Ellie McGrover; Jeppith, Miss Margaret; Helen of Troy, Miss Grace Melius; Iphigeneia, Miss Ellie McGrover; Jeppith, Miss Margaret; Helen of Troy, Miss Grace Melius; Iphigeneia, Miss Ellie McGrover; Jeppith, Miss Margaret.

The girls are planning elegant costumes in which to appear, being the grandeur of the characters portrayed. The stage itself is to be a dream of beauty, and music by Clara Farnell will be a delightful feature. As the poet's dream dies away Frank Pollock will sing Schubert's "Ave Maria" with violin obligato by Ernest Quinn.

Frank Pratt of New York, a celebrated pianist, will play the piano in the telling of the story of the Russian gypsy songs assisted by a young Russian girl, who will sing songs which will cause much interest among his friends.

GIRLS IN ATHLETICS.
By action of delegates to a meeting of the Central California Amateur Athletic Association, held at Visalia on Saturday, the girls of the high schools included in the league were admitted to the athletic field under the auspices of the league. After a heated discussion the girls were given the right to compete in the various championship contests that are held each year and girls of all high schools of the association were made eligible to compete. Tournaments will be held at the annual championship football, baseball and track events.

NEW PRICES FOR BEETS.
SPECIAL CORRESPONDENCE OF THE PRESS.
VENTURA, Oct. 16.—The sugar factory is making a new rate for beets for the 1935 season. The minimum price to be paid is \$2.50 per ton for beets weighing 15 per cent. For each 1 per cent. of sugar above 11 per cent. there will be paid 25 cents additional per ton, up to and including 15 per cent. For each 1 per cent. of sugar above 15 per cent. there will be paid 10 cents additional per ton. For each additional per cent. of sugar above 15 per cent. there will be paid 10 cents additional per ton. For each additional per cent. of sugar above 15 per cent. there will be paid 10 cents additional per ton.

10-TEN-10 Reasons Why We Don't Ask for Money Until Our Patients Are Cured to Stay Cured

DR. O. C. JONES, The Leading Specialist.

FIRST—We have confidence in our ability to cure all cases coming under the head of our specialty, which is confined exclusively to diseases and disorders of MEN ONLY.

SECOND—We never accept a case until we have made a thorough examination and feel confident we can cure it.

THIRD—We do not believe a physician is entitled to his fee until he has proven to the satisfaction of the patient that he can cure him.

FOURTH—Our fee is so small, being only \$12.50, that we believe any honest man will pay it after he is cured.

FIFTH—There are so many impudent and unreliable so-called specialists that we believe our methods will in time prove our superiority and hence be the more profitable.

SIXTH—Our enormous practice, built up on these lines, proves the fact of our cures.

SEVENTH—Should a patient pay in advance he might quit treatment before being permanently cured, and our reputation would be thus jeopardized.

EIGHTH—Should a few dishonest patients refuse to pay after they are cured the loss would be only \$12.50 each, and we could stand it with more fortitude than if it were a big fee.

NINTH—Many honest men without ready money might otherwise neglect themselves, and thus become incurable, while our \$12.50-a-dollar-until-cured plan will pay it after he is cured.

TENTH—Last, but not least, we desire to reach the poor as well as the rich man, and by making our fee only \$12.50, payable on such easy terms, we thereby increase our business and secure lasting gratitude from thousands who would otherwise remain afflicted if it were not for this liberal offer.

All of the above reasons are willing to verify and practically demonstrate to the most skeptical. Our offer is to you, to everyone, only \$12.50 for a cure, payable at your convenience, in such sums as you can spare. Can an offer be more generous? It cures of venereal diseases. It is honest. No matter what your trouble is—if you suffer from gonorrhea, or want of money or from unskillful practice—there is an opportunity to get the services of a skilled specialist, a graduate physician, with years of ripe experience in treating complicated and special disorders of men only. It will cost nothing to talk to us, and may be the means of restoring you to health and happiness. Why not call today? Our offices are very private. You see only the doctor. If you cannot call, write for blanks, as we extend the same liberal offer to those who cannot call. In fact, there is no excuse for being disordered or sick while this liberal offer remains. It is a gift of priceless value, within the reach of all. Remember only \$12.50 for any disease except BLOOD POISON, which is the only disease we ask \$25.00 for a cure.

Hours—9 to 5, 7 to 10 daily; Sundays, 9 to 11.
DR. GREENE & CO. (1916 to 1918) 124 S. Broadway, Ridge Bldg.

Contracted Diseases
Always become chronic if improperly treated. Dr. HARRISON

EARN A SHIRT FOR YOURSELF.

What Charity Says to the Able-bodied Man.

Needlework Guild Labors for the Needy Sick.

Neckties Not Warm Enough for Real Garments.

A well man in Los Angeles will have to earn his own shirt in the future. He need not depend upon the Los Angeles branch of the Needlework Guild of America to supply it to him, for the general consensus of opinion among the members of the guild is that the time has come when the able-bodied man must earn his own shirt.

Mrs. S. S. Salisbury, president of the Los Angeles Needlework Guild.

Miss Carver of the Associated Charities, who was speaking to the ladies of the guild at the Westmore Hotel.

But, oh what a plea Miss Carver and the rest of the speakers made for good warm clothing for the sick men who are pouring into the city in a constant stream, hoping for the benefit of climate to cure their maladies.

Last year the Needlework Guild supplied 250 new garments to the various local charitable and philanthropic institutions, and this year they hope to have even a thousand more to add to that, the meeting yesterday being called by the president to remind the members of the guild that the time is again at hand when the only demand of membership, the two new garments to be furnished by each, should be ready. The annual meeting will be held at Kramer's Hall, November 4, and the distribution of the garments will be made on November 11.

"Ladies," said Mrs. Theodore Egan, the secretary, "we have a number of neckties in the guild, but they are very nice to have, and collar are very nice, but I really hate to list them as garments, and the poor sick men who we have to supply, have never been able to make them take the place of good warm suits of underwear and shirts."

Mrs. Egan continued her remarks by telling the ratio of these articles sent to them last year, and there were smiles all around when she read, "Fifty-six collars and neckties, against twenty eight shirts and seven suits of underwear." Up to two years ago the Needlework Guild had been busy with the wants of women and children, but before last "one good warm suit of underwear for a man was sent in, and every institution worker had some urgent case where that set of garments was needed, nearly every section president managed to hide that suit away at one time or another for the special work to whom she felt it should be given, and that led to the request to the members for things of comfort for the many sick men that have to be sent back to their homes or who have to be cared for in Los Angeles.

Miss Carver in her talk of the benefit that her work has derived from the guild, said she had supplied each year by the guild, had interesting things to relate; so also had the other speakers, Mrs. Bradley of the Bethel, Mrs. Green of the Salvation Army, and Mrs. Green of the Salvation Army, who they told things that are a part of their everyday lives, but things new and strange to many of the handsomely-gowned women who were there to hear, and who dropped surreptitious tears over the good that has been accomplished to the poor of the earth through this simple, but far-reaching work.

"Yes," said Mrs. Bradley, "you sent me some warm, soft, little garments for my little boy, and I put some of them on a little Russian baby who was dying with pneumonia, and I saved the little life for the poor Russian mother and father."

"The Russian babies who come nearly all die," said Mrs. Bradley, "and though they have come from a cold country they seem to have nothing but any-colored cotton clothes. We have a great problem to meet in the Eighth Ward and have just received word that 100 more poor Russian families are headed for our ward and will arrive soon. Ladies, I will need the help of the Guild more than ever now, for they say that the average is ten persons to the family."

"The people in Los Angeles must be good whether we will or not," said bright-faced Adjutant Bailey, "we have to take care of more than our share of the poor and ill, they come to us from all over the world, and sooner or later I think they all come to the Salvation Army."

Widows and children helped and kept from being pauperized at the same time by the garments of the Needlework Guild, poor victims of tuberculosis, clothed and given bed covers and quilts to ease their hard road down to death, tiny babies and old, weary men made comfortable, that was the story told at the meeting yesterday by the heads of the foremost institutions for good work in the city.

One special plea was made by every speaker was to warn the women against the professional beggar. "I have met more professional grafters," said Miss Carver, "in the time that I have been in Los Angeles than in all the years that I spent in my native New York City."

"When anyone in need applies at your door, call us up by telephone and we will help you to assist them if they are worthy, and we will know them if they are not," she said. She also warned the many households

WOMEN'S CLUBS.

A number of the prominent delegates to the national convention of the United Daughters of the Confederacy recently held in San Francisco are at present in Los Angeles and will, doubtless, attend the meeting of the Los Angeles Chapter this afternoon.

Mrs. John Hickman of Nashville, Tenn., the national secretary, is the guest of Mrs. William C. Smith, who is the treasurer of the national body, is visiting Mr. and Mrs. Thomas Winder of Hope street. Mrs. Elliott of Virginia, being located near by, is a charming southern woman, Mrs. Parker of New York City, is at the Adelphi with guests, and many others are visiting friends in the city.

The new officers elected at the meeting in San Francisco are: President, Mrs. Henderson of Mississippi; daughter of the late Senator George; Mrs. H. Voorhees of the Albert Sydney Johnson Chapter in San Francisco, was chosen as first vice-president; Mrs. D. F. Vaughn, president of the Louisiana division, was chosen as second vice-president; Mrs. John Hickman of Nashville, Tenn., was re-elected treasurer; and Mrs. Stapley of St. Louis was elected corresponding secretary, with Mrs. Abbott as custodian of the cross.

The delegates who went to the San Francisco convention from Los Angeles have returned with the praise of that city in their mouths, for nothing could exceed the courtesy and elegance with which they were received. Sessions were held in the morning for business and in the afternoon for entertainment and delightful trips for sightseeing about the vicinity. The delegates who are not going to the national convention are not going to the national convention, but are going to the national convention.

The State meeting of the U.D.C. will be held in Riverside, October 25.

THE EBBEL.

Dr. George Kress showed a number of stereoscopic views at the Ebbl Club yesterday afternoon all illustrative of the lecture he gave on "The Great West Plague."

After a number of startling statistics in general, Dr. Kress informed the club that Los Angeles has the highest mortality of any city in the Union from tuberculosis. The annual incidence of the disease in this city is 100 per 100,000, while in the city of New York it is 80 per 100,000.

Interesting views were shown of the buildings were torn down where the germs of tuberculosis found ready lodgment in the body. The buildings were torn down where the germs of tuberculosis found ready lodgment in the body.

Department of Home.

The first regular meeting of the Department of Home of the Ebbl Club was held yesterday afternoon, and was held at the home of Mrs. Robert J. Burdette and the assistant curator Mrs. W. R. Dickinson.

Prof. L. S. Stabler of the University of Southern California gave an interesting and helpful talk upon the importance of the home in the life of the individual and the nation.

Highland Park Ebbl.

This club had its opening meeting of the year last week, Mrs. Mary G. O'Connell, president, presiding, and giving an address to the members upon the year's work. At today's meeting Mrs. Willoughby Rodman will talk to the club, and next Tuesday Mrs. Greenleaf will give the first of her series of talks on literature.

Child-study Circle.

One of the most enthusiastic circles in the city is that of the Jefferson street school, now numbering fifty-eight members, which has recently held the initial meeting of the year. The program consisted of songs by the eighth grade and a helpful talk to the mothers by Mrs. Best of the U. S. Mr. Bettinger, Deputy Superintendent of Schools also spoke, after which refreshments were served.

The Profitable Rustic.

The breezy, humorous, impudent American countryman has a mint of money in him from the start for those who have known how to work him. Sam Slick, the clock maker, began his professional career in England in 1849. On the stage John E. Owens farmed passing well with Solon Shingle, beginning his career as Wallace's in 1841, long before Denham Thompson took him up under the name of Josh.

In another guise, transplanted from his native New England to this State, the Westcott family has just completed a "clean-up" of \$125,000 from him. He is a bookish, self-satisfied Edward Novis Westcott, under the name of "David Harum." Long life to him, under whatever alias appears. He is the shrewdest, "rattlest," roughest rustic that ever came out of the Berkshire backwoods of any country. —Eben Rock.

Hamburgers—Tuesday Bunch.

Tuesday, Oct. 17, Will Be Known for Years to Come as "Memorable Tuesday"

The store will close on that day promptly at 3 P. M. and the people of Los Angeles will then have an opportunity to witness a parade absolutely unique in the history of this or any other city. The vast multitude of people—men, women, boys and girls—employed by Hamburgers will leave the store and will be driven in carriages and automobiles to the site of the prospective Hamburger Store at Eighth and Broadway, where they will proceed to BREAK FIRST GROUND.

Every available carriage and conveyance of any kind has been hired for this occasion. Actual active work on the greatest and costliest store West of Chicago will be commenced on MEMORABLE TUESDAY, October 17th, by an army of the most loyal and intelligent Employees that ever helped build a great business. It is Your future shopping place whose foundation is now about to be laid and in this connection we just want to say that the same business methods which enabled us to expand from a little store room, across the present quarters of five floors of selling space with a frontage of 185 feet, and which in the past have made us the largest and most successful store in Los Angeles, we will now use to build the new store at Eighth and Broadway—a STORE LARGER THAN ALL THE DRY GOODS AND DEPARTMENT STORES IN LOS ANGELES COMBINED.

These same methods will prevail at the new location. And when we promise this you have an absolute guarantee that you will at all times be enabled to purchase trustworthy merchandise at the very lowest prices.

For Memorable Tuesday we have selected unprecedented bargains in order to crowd into seven hours ten hours' business. Remember we close at 3, and after that comes the unique parade.
